Overview

Teacher training incentive grants for PGCE (Further Education) initial teacher education aim to promote the recruitment of teachers into the Further Education sector and help support some students who start full time pre-service PGCE (Further Education) initial teacher education courses leading to a qualification to teach further education (“PGCE (FE) incentives”).

This guidance is issued by Medr, The Commission for Tertiary Education and Research, and provides information on PGCE (FE) incentives for the 2025/26 academic year, funding available, grant eligibility and how payments will be made.

These guidance notes should be read as a whole to confirm whether individual students will be eligible for an incentive.

This guidance does not cover incentives offered on initial teacher education courses which lead to Qualified Teacher Status. You can find what incentives are available for these courses on the [Welsh Government website](#).

Those eligible to receive PGCE FE Incentives can apply for one or more of the following:

- Priority Subject Grant - £3000
- Non-Priority Subject Grant - £1000
- Global Majority Grant - £1000
- Welsh Language Grant - £1000

Students applying for a grant

PGCE (FE) providers are responsible for administering and assessing eligibility of students for incentive grants on behalf of Medr.

Students can only claim an incentive grant if they:

- meet the eligibility criteria
- have made an application by completing the relevant declaration forms

If students have any queries in relation to their eligibility, applying for a grant or have any queries relating to these grants, they should contact their PGCE (FE) provider.

PGCE (FE) Initial Teacher Education Providers responsibilities for grant administration

PGCE (FE) initial teacher education providers are responsible for:

- identifying students that meet the eligibility criteria
- providing eligible students with access to the declaration forms at the start of the PGCE (FE) programme
- ensuring students understand the terms of the grant
- collecting all signed declaration forms and returning, in a secure manner, all declaration forms to Medr if requested
- completing termly claim forms

- completing Welsh Language Incentive forms at the beginning and end of the academic year
- ensuring evidence for Welsh Language Incentive is collected
- ensuring evidence is collected for the incentive for those from Global Majority communities
- administering grant payments to students
- dealing with student queries in relation to the grant

Full responsibilities for PGCE (FE) Providers are issued annually in individual grant offer letters and contract letters. If PGCE (FE) Providers have a question related to the grant administration or payment processes they should contact workforce@medr.cymru.

Grant eligibility

To be eligible for a PGCE (FE) incentive, students:

1. must on entry to the course hold a first degree (this does not include a foundation degree) of a United Kingdom higher education institution or equivalent qualification
2. must qualify for support under regulations made under [section 22 of the Teaching and Higher Education Act 1998](#) currently in force as they apply to the [course](#)
3. must not be in any of the following categories of persons who are not entitled to receive the training grant:
 - students who completed a course of initial teacher training at further education level before 1 September 2025
 - students taking a non-postgraduate Certificate in Education (FE)
 - PGCE (FE) students who study on in-service courses
 - PGCE (FE) students who study part-time
 - anyone who already holds Qualified Teacher Status
 - anyone employed at any further education college or other education institution in any capacity

In addition, those applying for the Welsh Language incentive must have Welsh Language skills of [Foundation](#) or above (self-assessment).

Global Majority PGCE FE Incentive

Students who have declared on their grant application form that they identify as being from a Global Majority background, can receive an additional £1,000.

To be eligible for a Global Majority PGCE FE incentive grant, a student must also identify and declare to their ITE Provider as a Global Majority student. Declaration must be under one of the following ethnicities or ethnic groups:

Asian:

- Bangladeshi or Bangladeshi British
- Chinese or Chinese British
- Indian or Indian British
- Pakistani or Pakistani British
- Any other Asian background

Black, Black British, Caribbean, or African:

- African or African British
- Caribbean or Caribbean British
- Any other Black background

Mixed or multiple ethnic groups:

- White or White British and Asian or Asian British
- White or White British and Black African or Black African British
- White or White British and Black Caribbean or Black Caribbean British
- Any other Mixed or Multiple ethnic background

White:

- Gypsy or Irish Traveller
- Roma
- Jewish

Other ethnic group:

- Arab
- Kurdish

Grant amount

The incentives will be up to £3,000 (for those studying in specified subjects listed below) or up to £1,000 (for those studying in all other subjects).

Mathematics subjects

- Applied Mathematics
- General Mathematics
- Mathematics and mechanics
- Mathematics and statistics
- Pure Mathematics
- Statistics

Science subjects

- Applied Science
- Biology
- Chemistry
- Conservation
- Earth science
- Ecology
- Electronics
- Environmental Science
- General Science
- Geology
- Human Biology
- Physics
- Sports science

Information and Communication Technology

- Computer Aided Design (CAD)
- Computer Engineers
- Computer studies
- IT Operations

Welsh

Skills for Life – Literacy and Numeracy

Technology and Engineering

- Auto Electricians
- Car maintenance
- Design and development engineering
- Design and Technology
- Electrical engineering
- Electroplating
- Engineering studies
- Mechanical engineering
- Metal plate engineering
- Motor mechanics/engineers
- Motor sport mechanisation
- Production and process engineering
- Refrigeration engineering
- Resistant Materials Technology
- Tool making and fitting
- Tyre, exhaust and windscreen fitting
- Vehicle and spray painting
- Vehicle bodybuilding and airing
- Welding and fabrication

Additional Grant for Welsh Language Teaching and Learning

Students studying any subject through the medium of Welsh (with the exception of Welsh itself) can apply for an additional grant of £1,000.

PGCE (FE) providers have committed to provide opportunities within 40 credits of the course to develop Welsh language skills.

A 3-way witness statement (academic tutor, placement mentor and student teacher) aligned to clear targets will need to be completed as evidence that a student has done what is necessary to receive the incentive.

The type of evidence that would be considered is:

- Development of Welsh medium resources to support learning and teaching
- Teaching through the medium of Welsh/bilingually whilst on placement
- Development of Welsh language skills of their learners
- Development of the wider Welsh language community within their placement setting

- Development of relationships outside their placement setting, eg and within a community setting or Welsh for Adults

Grant payments

When payments should be made to students

Subject grants will be paid termly in three instalments, December, March and June of the academic year of study.

Those who successfully comply with the Welsh Language grant and/or the Global Majority grant, will receive the additional £1,000 alongside their final subject grant payment in June of the academic year of study.

Providers will decide the exact dates of payments. They should ensure that payments are made before the last working day of the month. In June this will be the last working day of June or, if earlier, the week the programme finishes.

Payments should only be made to those students who are attending the programme on the date of payment. If any student has withdrawn or deferred (suspended) a programme prior to the payment date, payment should not be made.

What grants should be paid

PGCE (FE) grant payments

Incentive grant amount	Autumn payment to be paid in December	Spring payment to be paid in March	Summer and final payment to be paid in June
£3,000	£900	£900	£1,200
£1,000	£300	£300	£400
£1,000 (WL)	£0	£0	£1,000

If a student eligible for the PGCE (FE) incentive, but has also received;

1. some or all of a PGCE (FE) incentive under this or any previous scheme in Wales prior to 1 September 2025
2. or received at any time any amount of any grant payable in respect of equivalent schemes in England

the payment of PGCE (FE) incentive to which they are entitled will be reduced by the amount of previous grant payments received.

Eligible students are only entitled to the maximum of the incentive grant value which applied in the academic year the student's studies initially started, unless Medr agree otherwise in writing.

How the payment will be paid to PGCE (FE) Initial Teacher Education Providers

Providers must collect declaration forms for each eligible student at the start of each academic year. The declaration contains information that Medr have indicated is required to administer the scheme and providers must be able to share all declarations with Medr, in a secure manner, if requested.

The declaration form asks students to confirm that they have read and understood the information contained in this guidance. If this confirmation is not received by providers grant payments cannot be made.

Prior to each termly instalment Providers must complete and submit a claim form to Medr to ensure appropriate funds are released. Providers will be informed of the submission dates via the grant agreement letter.

Declaration and claim forms will be issued to Providers directly by Medr.

Deferment (suspension), withdrawal and resumptions

If a student defers (suspends) their studies during a term, they will not be eligible to receive that termly payment. However, if a student resumes their studies within the same academic year, they will be entitled to receive the missed term's payment, up to the maximum amount of the incentive. Under these circumstances payment will be made on completion of and in addition to the following term's payment.

Where a student resumes a PGCE (FE) in a different academic year to when they initially started or deferred, payments will be continue to be made at the same rate (if any) which applied in the academic year the student's studies initially started, unless Medr agrees otherwise in writing.

Individuals who withdraw from a programme before its completion and are eligible for an incentive grant, will only be entitled to the termly payment(s), where they have completed the term in full.

Recovery of incentive grants

Medr has powers to recover incentive grants paid, in whole or in part. They have discretion about whether to exercise those powers and will consider all cases on their merits.

These powers may be exercised by Medr where:

1. after receiving any instalment of an incentive grant, the recipient fails to meet any eligibility criteria adopted by Medr and set out in the schedule or information guide in relation to a subsequent instalment or

2. the recipient has provided in, or in connection with, his or her application for an incentive grant, information which is false or materially misleading; or there is firm evidence that the recipient had never intended to complete the programme or, having completed it, to enter teaching

Data Protection and Freedom of Information

Information which student submits as part of their claim under the Teacher training incentives in Wales for PGCE (FE) scheme, is subject to the requirements of the Freedom of Information Act 2000 (the “FOIA”), the Environmental Information Regulations 2004 (the “EIR”) the General Data Protection Regulation (GDPR) and Data Protection Act 2018 (the “DPA”).

Students also acknowledge that Medr is responsible for determining in our absolute discretion whether:

1. to disclose any information which we have obtained under or in connection with the Funding to the extent that we are required to disclose such information to a person making a disclosure request under the FOIA or the EIR and/or
2. any information is exempt from disclosure under the FOIA or the EIR
3. to undertake checks for the purposes of preventing fraud and money laundering, and to verify your identity. These checks are required to process personal data about you to third party fraud prevention agencies.

In certain circumstances Medr may receive your personal information from the providers.

Frequently asked questions by students

Is the incentive grant taxable?

His Majesty's Revenue and Customs (HMRC) is a non-ministerial department of the UK Government responsible for the collection of taxes. Incentive grants are not normally taxable for full-time students, however, students should seek advice from HMRC on their individual circumstances.

What will be the effect of the incentive grant on other student support?

An incentive grant is not considered part of your income for student finance provisions based on household income. Therefore it should not be included when working out your taxable unearned income, however students should seek advice from their student finance provider on their individual circumstances.

What will be the effect of the incentive grant on benefits?

The Department for Work and Pensions is a UK Government department responsible for welfare and pension policy, you should seek advice from them on your individual circumstances.

Will the incentive grant trigger student loan repayments?

No, as you are undertaking a full time programme. Loan repayments may be triggered when you have completed your programme and are earning a salary as a teacher.

Frequently asked questions by PGCE (FE) providers

Which grant amount should be paid?

The student should indicate clearly on their declaration form what subject their placement is focusing on teaching. Please refer to the grant amount section to determine which the student should receive.

What happens if a student withdraws/suspends study?

A student should be removed from a claim as soon as they withdraw from a course. They should only be paid for any term they have completed in full. Please see the Deferment (suspension), withdrawal and resumptions section for more information.

Further questions?

PGCE (FE) Providers that have a question related to or not covered in this guidance, please contact workforce@medr.cymru.

Students that have a question related to incentives will be directed to their PGCE (FE) Provider directly.

For grants available for the PGCE for Primary or Secondary please visit the [Welsh Government website](#).
